

THE CREATIVE INNOVATION

Accessories Standard / Custom

Designed for individual applications

Hitch Equipment:

We offer a large selection of hitches, and have proven over the years our ability to provide any style matching customer requirements.

Our accessories are built with high quality materials, using minute details and precision in the construction of our products. We offer a great variety of EVs (Electric Vehicles) for complete mobility.

Different designs of hitches, wheels and casters are available depending on customers' requirements.

Examples of our standard and custom built hitches are shown in this brochure.

Attributes:

Sturdy, durable, flexible, reliable, practical
