- **Charger:** On-board charger with 24V charging system. Opportunity charge recommended.
- **Turning Radius:** 59" (150 cm)

# THE CREATIVE INNOVATION

## GOJO – A Technician's Dream

*TCI EV's are small, powerful and highly maneuverable, powered with a clean environment in mind*

- GOJO is one of TCI's unique transaxle driven EVs (Electric Vehicles). It is an ideal tool-carrier for the plant technician who can cover large areas quickly for repair work anywhere in industrial, commercial and institutional facilities.
- GOJO's compact size makes it easy to get in and out of tight work areas.
- GOJO is always ready to work. It has a built-in charger for convenience. The batteries

are charged by plugging the unit into any 115-120 VAC outlet.

**GOJO is uniquely designed to make plant technicians' job easier and more efficient**

### CONSTRUCTION AND COMPONENTS

**Frame and Body:** All welded unitized body, 3/16" (1/2cm) steel diamond plate and sheet metal construction.

**Wheels:** 1 front and 2 rear tires foam-filled.

**Brake:** Regenerative electronic system with automatic parking brake.

**Accelerator:** Enclosed foot pedal assembly with speed lever.

**Horn:** Electronic industrial type, 24 VDC. Back up warning signal.

**Light:** Flashing warning light.

**Finish:** Standard white and black. Other color options available.

**Accessories:** Trailer hitches and trailers, other items available, standard and custom made.
